

# The Better Way to make a shirt with **FASHION ON DEMAND**

by LECTRA

Your organization needs **greater flexibility** to consistently produce on-trend designs that satisfy consumer demand and help you **stand out from the competition**.

Let's have a look at how Fashion On Demand by Lectra can streamline production processes with a **collaborative workflow** that substantially reduces cycle time, labor and material consumption.

Customer order:  
**3 shirts made to measure**

**BEFORE**  
Shirt-making the conventional way

**AFTER**  
Shirt-making with **FASHION ON DEMAND**

CYCLE TIME

55 minutes x 3 shirts  
**= 165 minutes**

Entire digital process  
**= 12 minutes**

## 01 Product catalog creation

(styles, features, fabrics, customization options)

**Sequential process** with variable total time requirement depending on number of versions

**Collaborative process** using a dedicated application.  
**Real-time process** with advantage of simulating orders at any time before entering production

## 02 Order reception

Orders are sent from the ERP to the **production facility**

Orders are sent from the ERP to the **cloud-based Lectra Digital Cutting Platform**

## 03 Pattern-making 20 min.

Order is processed by the **pattern maker** (style, components, alterations)

## 5 min. CUTTING PLATFORM 03

Lectra Digital Cutting platform makes all necessary data available in **5 minutes**. All required information is sent from the platform **directly to the Virga cutting line**

## 04 Marker-making 20 min.

Management of **nesting** and **fabric handling** requirements

## 7 min. DIGITAL CUTTING 04

A **single marker** is required to make all 3 shirts

## 05 Cutting preparation 12 min.

Placement of **3 different nested markers** for each shirt over fabric

CUSTOMER ORDER EXECUTED

## 06 Manual cutting 30 min.

**Manual cutting** of each pieces matching marker dimensions

## **FASHION ON DEMAND**

by LECTRA

Benefits from the power of the cloud

- **Save time** managing MTM workflow;
- **Increase production volumes** at will;
- **Expand catalog** without increasing complexity
