

From sketch to sale

KUBIX LINK

PLM

Provides a single source of truth which is always up to date and intuitive to use.

Find your fashion flow with

KUBIX LINK

When your processes run smoother you can focus on creating better experiences for your customers and employees. Go from sketch to sale with **Kubix Link**, our ever-evolving cloud-based ecosystem of PLM, PIM, DAM and more.

KUBIX LINK

PIM

Make the most of your data - and use it to identify sales and marketing opportunities.

KUBIX LINK

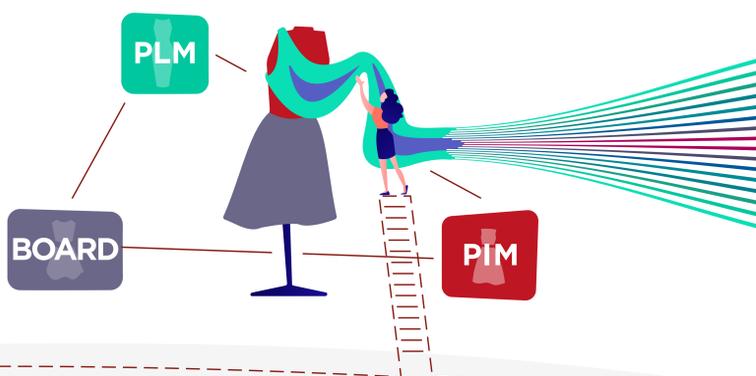

Board

Innovative and collaborative digital boards, each dedicated to different phases of collection development (mood boards, fabric to sketch boards and line sheets)

Your challenges, our solution

“My data is so disjointed - it's confusing and out of date”

Interconnectivity improves efficiency. With Kubix Link, up-to-date data flows freely around your PLM/PIM/BOARD, plus your legacy IT.

“The market is changing - my technology needs to adapt, quickly!”

Configure, scale and play around with our ever-evolving digital ecosystem to suit your needs. You can personalize our process-oriented solution to work how you work.

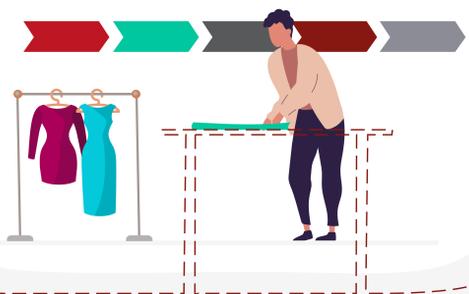

“Long email chains and massive spreadsheets make it hard to find what I need”

Get centralized and up-to-date information at your fingertips - on any device, in any location. You can quickly share project progress over channels, languages and time zones.

“I often miss my deadlines.”

When you can see more of the development process, you can work smarter in the moment. Plan for, respond to and report on next steps - on the spot - with Kubix Link's consolidated, accurate, up-to-date insights.

“Industry technology can be so complex”

Get going faster with a UI you're comfortable with. Kubix Link's familiar interface is inspired by social media sites.

“Our IT systems don't feel very flexible”

Kubix Link adapts to the way you work (not the other way round). It adds PLM, PIM and BOARD to your capabilities, and works alongside your existing tools, like:

ERP / CMS / WMS / Excel / Id / Ai

“We want to know we're contributing to sustainability”

Increase accountability across all stakeholders, on a global scale. Kubix Link gives you a digital view of ethical and environmental compliance across departments, products and teams.

Find your flow with KUBIX LINK

When everything you need to go from sketch to sale flows together, it's great for your customers - and great for you.
